

PO08 V01	Quality Policy	
----------	----------------	---

The employees of Narec Distributed Energy Limited are dedicated to providing quality services and products that consistently meet or exceed our customers' requirements and expectations.

This will be achieved by:-

- *employees understanding and implementing policies and procedures relevant to their work*
- *employees working to high professional standards and maintaining appropriate levels of competence*
- *operating effective and efficient Quality Management Systems*
- *providing and maintaining facilities and equipment to an appropriate level of quality.*

Our Quality Objectives have been defined to assist continual improvement of our Quality Management System in order to maintain customer satisfaction.

Quality Management Systems operated within Narec Distributed Energy are designed to comply with the requirements of ISO 9001:2015.

Narec Distributed Energy is committed to strict adherence to the appropriate laws, regulations and requirements that govern our services as well as our Quality Management System.

A. Stewart
Executive Director
On behalf of the Executive Board
